Best Value Shed Guarantee - \$50 note Giveaway

To protect consumers and to ensure that you get a shed of independently verified quality we have the following conditions:

- 1.** The shed manufacturer must be a registered member of the Australian Steel Institute (ASI) and must have participated in third party design checks (Shed Safe™ accredited) by an independent ASI consulting engineer.
- 2.** The quote must state the sheds exact Size, Wind Region, Terrain Category, Importance Level, Topography, and Shielding, (snow load) used in designing the quoted shed.
- 3.** The quote must have an identical building layout including columns, mullions, door and window positioning and sizes and use equivalent sheeting gauges and colours.
- 4.** The quote submitted must be a valid quote.
- 5.** The shed must use materials of at least equal quality and use structural connections of at least equivalent strength.
- 6.** The quote must detail delivery arrangements in full.
- 7.** The quote must be complete and un-altered in any way by the purchaser.

Other terms and conditions include:

- 8.** That the product must be available within our normal range.
- 9.** The 50 dollar Best Value Guarantee offer is on the kit price only.
- 10.** The Guarantee does not apply to or include second's sales or sales of competitors existing display stock.
- 11.** The Guarantee does not apply to or include the sale of individual components and only applies to complete kits.

Key Aims of this promotion:

- Ensure consumers are given complete, accurate and honest quotations
- Keep engineering compliant to Australian Standards
- Provide adequate and correct documentation
- Improve the credibility of the shed industry.
